The qualification

Introduction

The VTCT Level 3 Award in Education and Training (QCF) is a qualification for those interested in a teaching career in further education or for those who have recently started teaching.

This award is designed to equip a wide range of teachers/trainers and facilitators with the requisite skills and knowledge required to fulfill a teaching role. During this course you will learn about preparation, planning and basic course design. You will also gain teaching delivery skills and participate in microteaching sessions. Evaluation skills and techniques also form part of the course content.

This qualification provides a sound introduction to teaching/training and is suitable for both experienced practitioners who would like to secure a professionally recognised qualification as well as those new to teaching. The VTCT Level 3 Award in Education and Training will enable you to work in a teaching role and progress on to a broader teaching qualification.

National Occupational Standards (NOS)

This qualification has been mapped to the relevant NOS, and is accredited on the Qualifications and Credit Framework (QCF).

Prerequisites

There are no formal prerequisite qualifications that you must have prior to undertaking this qualification.

Your centre will have ensured that you have the required knowledge, understanding and skills to enrol and successfully achieve this qualification.

Progression

On completion of this qualification you may choose to undertake further study; qualifications you could progress to include:

- VTCT Level 4 Certificate in Education and Training (QCF)

You can progress from the VTCT Level 3 Award in Education and Training (QCF) directly into a teaching or facilitating role in the further education sector.

Qualification structure

Total credits required - 12 (minimum)

All mandatory units must be completed. A minimum of 6 credits must be taken from optional group A and a minimum of 3 credits from optional group B.

Guidance on assessment

This book contains the mandatory units that make up this qualification. Optional units will be provided in additional booklets (if applicable). Where indicated, VTCT will provide assessment materials. Assessments may be internal or external. The method of assessment is indicated in each unit.

Internal assessment

(any requirements will be shown in the unit)

Assessment is set, marked and internally verified by the centre to clearly demonstrate achievement of the learning outcomes. Assessment is sampled by VTCT external verifiers.

External assessment

(any requirements will be shown in the unit)

Externally assessed question papers completed electronically will be set and marked by VTCT.

Externally assessed hard-copy question papers will be set by VTCT, marked by centre staff and sampled by VTCT external verifiers.

Assessment explained

VTCT qualifications are assessed and verified by centre staff. Work will be set to improve your practical skills, knowledge and understanding. For practical elements, you will be observed by your assessor. All your work must be collected in a portfolio of evidence and cross-referenced to requirements listed in this record of assessment book.

Your centre will have an internal verifier whose role is to check that your assessment and evidence is valid and reliable and meets VTCT and regulatory requirements.

An external verifier, appointed by VTCT, will visit your centre to sample and quality-check assessments, the internal verification process and the evidence gathered. You may be asked to attend on a different day from usual if requested by the external verifier.

This record of assessment book is your property and must be in your possession when you are being assessed or verified. It must be kept safe. In some cases your centre will be required to keep it in a secure place. You and your course assessor will together complete this book to show achievement of all learning outcomes, assessment criteria and ranges.

Creating a portfolio of evidence

As part of this qualification you are required to produce a portfolio of evidence. A portfolio will confirm the knowledge, understanding and skills that you have learnt. It may be in electronic or paper format.

Your assessor will provide guidance on how to prepare the portfolio of evidence and how to show practical achievement, and understanding of the knowledge required to successfully complete this qualification. It is this booklet along with the portfolio of evidence that will serve as the prime source of evidence for this qualification.

Evidence in the portfolio may take the following forms:

- Observed work
- Witness statements
- Audio-visual media
- Evidence of prior learning or attainment
- Written questions
- Oral questions
- Assignments
- Case studies

All evidence should be documented in the portfolio and cross referenced to unit outcomes. Constructing the portfolio of evidence should not be left to the end of the course.

Many frequently asked questions and other useful information are detailed in the VTCT Candidate's Handbook, which is available on the VTCT website at www.vtct.org.uk/students. Other questions should be addressed to the tutor, lecturer or assessor.

Unit assessment methods

This section provides an overview of the assessment methods that make up each unit in this qualification. Detailed information on assessment is provided in each unit.

Unit glossary

	Description
VTCT product code	All units are allocated a unique VTCT product code for identification purposes. This code should be quoted in all queries and correspondence to VTCT.
Unit title	The title clearly indicates the focus of the unit.
National Occupational Standards (NOS)	NOS describe the skills, knowledge and understanding needed to undertake a particular task or job to a nationally recognised level of competence.
Level	Level is an indication of the demand of the learning experience, the depth and/or complexity of achievement and independence in achieving the learning outcomes. There are 9 levels of achievement within the Qualifications and Credit Framework (QCF).
Credit value	This is the number of credits awarded upon successful achievement of all unit outcomes. Credit is a numerical value that represents a means of recognising, measuring, valuing and comparing achievement.
Guided learning hours (GLH)	GLH is an estimate of the time allocated to teach, instruct, assess and support learners throughout a unit. Learner initiated private study, preparation and marking of formative assessment is not taken into account.
Observations	This indicates the minimum number of observations required to achieve the unit.
Learning outcomes	The learning outcomes are the most important component of the unit, they set out what is expected in terms of knowing, understanding and practical ability as a result of the learning process. Learning outcomes are the results of learning.
Evidence requirements	This section provides guidelines on how evidence must be gathered.
Observation outcome	An observation outcome details the practical tasks that must be completed to achieve the unit.
Knowledge outcome	A knowledge outcome details the theoretical requirements of a unit that must be evidenced through oral questioning, a mandatory written question paper or portfolio of evidence.
Assessment criteria	Assessment criteria set out what is required, in terms of achievement, to meet a learning outcome. The assessment criteria and learning outcomes are the components that inform the learning and assessment that should take place. Assessment criteria define the standard expected to meet learning outcomes.

UET1

Understanding roles, responsibilities and relationships in education and training

The aim of this unit is to enable you to understand the role and responsibilities of a teacher in education and training and the relationship between different professionals within education and training.

Understanding roles, responsibilities and relationships in education and training

Learning outcomes

On completion of this unit you will:

1. Understand the teaching role and responsibilities in education and training
2. Understand ways to maintain a safe and supportive learning environment
3. Understand the relationships between teachers and other professionals in education and training

Evidence requirements

1. *Specific unit requirements*
All learning outcomes in this unit must be assessed using methods appropriate to the assessment of knowledge and understanding.
2. *Achieving assessment criteria*
There must be valid, authentic and sufficient evidence for all assessment criteria. Holistic assessment is encouraged and one piece of evidence may be used to meet the requirements of more than one assessment criterion.
3. *Knowledge outcomes*
There must be evidence that you possess all the knowledge and understanding listed in the 'Knowledge' section of this unit. This evidence may include projects, assignments, case studies, reflective accounts, oral/written questioning and/or other forms of evidence.
4. *Tutor/Assessor guidance*
You will be guided by your tutor/assessor on how to achieve learning outcomes in this unit. All outcomes must be achieved.
5. *External paper*
There is no external paper requirement for this unit.

Developing knowledge

Achieving knowledge outcomes

You will be guided by your tutor and assessor on the evidence that needs to be produced. Your knowledge and understanding will be assessed using the assessment methods listed below*:

- Projects
- Observed work
- Witness statements
- Audio-visual media
- Evidence of prior learning or attainment
- Written questions
- Oral questions
- Assignments
- Case studies
- Professional discussion

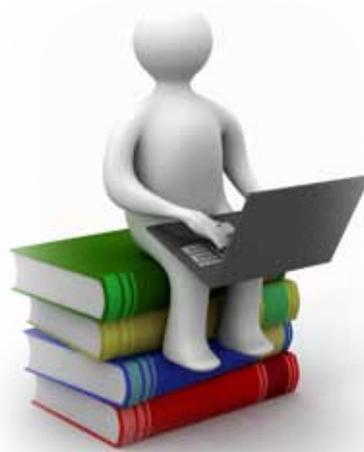

Where applicable your assessor will integrate knowledge outcomes into practical observations through professional discussion and/or oral questioning.

When a criterion has been orally questioned and achieved, your assessor will record this evidence in written form or by other appropriate means. There is no need for you to produce additional evidence as this criterion has already been achieved.

Some knowledge and understanding outcomes may require you to show that you know and understand how to do something. If you have practical evidence from your own work that meets knowledge criteria, then there is no requirement for you to be questioned again on the same topic.

**This is not an exhaustive list.*
